Greetings, dear teacher.

I have received your email and here is my report.

On one hand, lessons were great. Teachers explained everything wonderfully and we had a lot of interaction with them. There also were students from other countries. So you could make new friends and learn about foreign cultures. One more ^{good} thing about the course is that they used good facilities and small classes. This made it easier to interact with the teacher.

On the other hand, there were just loads of homework. Sometimes it took me about four hours to complete it, the usual homework in school for all the subjects takes me less! Another con of the course is that there are just a few social activities so it can get pretty boring.

To sum it all up, I would recommend the course to people who enjoy studying English and strive to improve themselves. I hope this helped a little.

Best wishes,

Hello, Mr. Brian. As you have asked, I have made a report about the course. I have been discussing everything with my classmates lately. Everyone seems to be satisfied with the lessons - they are really interesting. Also it's good to have students from many countries, they all get along fine. Yet, some of them are complaining about small classrooms. The amount of homework is scaring them as well. It would be better to reduce the number of tasks students have to do at home. About social activities: there are too few of them. Some of the students were asking to open a reading club. Almost forgot - students also said we have nice facilities.

Summing up all of the above, I would recommend this course. Yes, it has its weaknesses, but there is still much to do and learn.

Subject: Summer English Course

Last summer I attended an English-speaking courses. The aim of this report is to observe the advantages and disadvantages of this place.

Lessons:

The lessons were absolutely amazing! We got lots of new knowledge. ~~But~~ However, there were two things, which I ^{did not} didn't like. Firstly, ~~it was~~ we had to do huge home tasks every day. It made us exhausted. Secondly, the classes were too small, so sometimes learning was uncomfortable. Nevertheless, the teachers were stunning!

Activities:

The actions out of the classes were very interesting. We developed our communicative skills and made new friends. There were students ^{who} came from all over the world! Also, ~~there were~~ due to facilities as swimming pool, football pitch, we had fun every day.

To sum up, the organisation of the courses was quite good. It would be better ~~if the teachers correct the mistakes~~ if it would be better without huge tasks, but anyway, it was great. I highly recommend this place to all students.

Subject: Summer English Course

Introduction

The purpose of this report is to decide whether to recommend the Summer English Course or not.

The lessons

There are a lot of different types of lessons in this course. They are all great. The best one is pronunciation practice. It really helps with speaking and not stuttering on hard-to-pronounce words. There are grammar lessons, too.

Popularity

This course is international. Many students from many different countries come here.

Although a lot of people ~~are still~~ study here, they are divided into small classes.

Facilities

This college, which organised the English course, contains good facilities. There is a small gym on the first floor, dedicated to those, who want to work out. Alongside with the gym, a pool is being worked on.

Conclusion.

In conclusion of my report I ~~would say~~ confidently say that I would recommend this course. Looking

Summer English Course experience.

Introduction.

This summer I attended a month's English language course and made a few notes about it.

Subject.

I will start with the lessons, which were in the very small classes that could be little bit bigger.

But the information and new knowledges that our professional teachers gave us covers this problem.

Also we had so much homework to do that helps us to be smarter but we had no time to talk with

students from other countries, which is very important part of a course. And if we had

free time we had no social activities to spend it, we would like to see more of them.

All the time you are living in the very good facilities that includes shower, good rooms, new repair, places to work with a group.

Conclusion.

I would recommend you to attend the English Summer Course because it gave me and my friends a lot of experience and knowledges.

Report

Introduction

The objective of this report is to outline disadvantages of the course and give some recommendations to improve the organization.

Strengths/positive sides

Lessons are regarded as the ^{sp} just great ones. Teachers were high-qualified so they gave us a huge amount of helpful and interesting information. Moreover, there was an ability to communicate with (foreign) students from lots of countries therefore we practiced the speaking in another languages. Despite the classes were complicated and meaningful, it took us not rather long time.

Weaknesses

There were too much homework. I would recommend to reduce it to rise the ^{lex} attendance of the course. Also Besides ^{sp} it would be better if the organisers ^{lex} add more social activities ~~to that~~ this way more students will be involved into the programme.

I hope my ~~re~~ ^{sp} advices will help you and the course will increase.

But there are some of weaknesses of that course. Classes is small.

There is not very much people that give us a problem with speaking to others. It's kind of problematic.

There is too much homework. Some of students is not capable to do it. We got not so much time.

 From: John B.
 Subject: Summer English course.

Writing

The purpose of this report is to say my impressions about Summer English Course.

Last summer I visited the Summer English Course which was organised by a college in my local area. It was a good experience. There ~~are~~ were students from lots of countries, even from Africa ~~countries~~! They were funny, so I made a friend with them.

The lessons were excellent. More over, our classes were small. Because of it, we understood everything well.

The teachers were kind and they liked to communicate with us. There were good facilities, so it was comfortable to study.

On the other hand, there was a lot of homework and I didn't have any free time to relax with my friends. There were also few social activities, so sometimes I felt bored ~~there~~.

In conclusion, I want to say that this course has more pluses than minuses. I like it and I want to visit it again. I recommend it to people who like to find out something new and interested in new friends.

As a person, who was at this college for one month, I will tell you about the strengths and weaknesses of the course. Also, I will say if it worth it or not.

~~I will~~ I will start from the strengths. Lessons here are great. In my school I can barely understand almost every subject. But that college showed me what good lessons are. There is some social activities as well, ~~you can~~ which provides rest from English language lessons. Also, you can find a lot of students from different countries here, so you can learn about culture of different countries.

There are some weaknesses as well. Homework here is the most unpleasant part. I was doing it ~~all day~~ the whole day ~~at~~ sometimes. And ~~it~~ it is not difficult, just too much writing and reading. Also, class rooms are quite small. ~~Not every student were able to be in the class and learn English language.~~

So, the main question is - is it worth it? Well, yes, but only if you have much time and you ~~do~~ really like English language. I mean, the lessons are great, but homework does not leave time to rest. ~~A lot of people don't have so much time, so.~~ ~~And, my final with that it's not worth it.~~

An English course for students

Introduction

I was asked to write a report about summer English course, that had been organized lately. The aim of this report is outlining the best sides of English course and giving recommendations to people want to master their English speaking skills.

Subject

I would recommend a month's English course for other students, so I am going to outline its advantages. Having made some notes about that course I found out that there were a great ability for students from the other lots of countries to get language information because of 'high lessons' quality. Teachers have nice pronunciation and prefer to give a lot of homework to their students. Lots of exercises can help to recollect the details of the lesson to remember the information way better. Small class. Forming of small classes also can be the best decision for teaching: every student would have more teacher's attention.

Conclusion

Summing up, a month's English course is rather good possibility for other students to make their English skills higher.

A report

Subject: Summer English Course.

Last summer me and my classmates attended a month's English language courses. Now I want to write a report about it.

I am going to start my report with strengths of course. First of all, I have made ^{sp} students from lots of countries. ~~here~~ It was such a exelent ^{sp} experience! Also, there were ^{sp} a good facilities and few social activities. That is why nobody ^{gr} of students were bored. Everyone was interacting with each other and having fun.

But there were ^{gr} and weaknesses too. For example, the small classes. Many students wanted to ~~visit~~ ^{gr} lessons, but sometimes all of the seats were taken. And the most horrible ^{gr} thing of this course is too much homework. Not everyone was ready to do such a great job in summer weekend.

In conclusion I want to say ~~that~~ that I will recomend ^{gr} this course for other student. ^{gr} Such course is a helpfull, fascinating and interesting event. ~~Next summer I am going to visit it next summer too.~~

Writing

I remember that I and some classmates attended a month's English language last summer. I would explain why I don't recommend it.

First of all, there are so small classes. And it's not good, but we had great lessons. There are students from lots of countries and I think that is a good way improve language skills and make a new friend.

Secondly, there is too much homework, but it's not hard for me. On this course few social activities.

As for me, it's not bad. Students can make a friend themselves.

In my opinion places like that is a great opportunity to achieve English skills and find new good friend. I recommend this course to another students, because it's so interesting.
